

Introducing: Energy Solutions Oxfordshire

**CREATING ENERGY WE CAN ALL FEEL
GOOD ABOUT**

Realising energy efficiency

OxFutures outcomes
£337,500 potential annual savings
310 tCO₂e actual saved annually
(about £100,000)

3Keel upgrade heating system and dramatically reduce energy used and energy costs

3Keel: Sustainability consultants
Grant: £1,237.50

Changing the heating system alone is resulting in a greater than 20% energy reduction in the winter months for our business.

OxFutures >>>

Why is OxFutures successful?

Three barriers addressed:

- **Defines potential**
- **Trust in solutions**
- **Implementation pathway**

"This is an excellent report and makes fascinating reading. It really does point our site as it is and makes some really useful observations and recommendations."

Hill End Education Centre. Feedback on the energy audit report produced by Moira from Oxford Brookes.

What would result in more uptake?

- **Facilitate opportunities with those installing them**
- **Proof savings are being met**
- **Facilitate financial options**

Describes a new energy service!

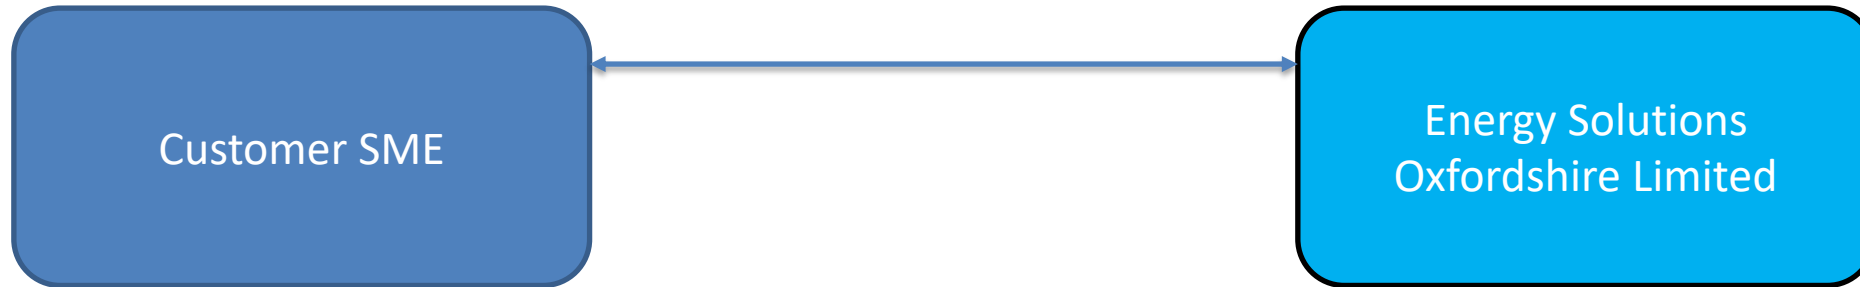

Energy Solutions Oxfordshire

- Strategy/Vision:

“The role of Energy Solutions Oxfordshire, as a single centre of expertise, is to support organisations who are otherwise short of time, expertise, resources and financial options, to implement buildings based energy savings projects in their premises with positive financial and environmental outcomes”

A night photograph of a street with a large banner and a 'Thank you' text overlay. The banner reads 'CHANGE STARTS WITH PEOPLE — IS THERE ENERGY IN YOUR NETWORK?'. The background shows a row of historic buildings with a prominent tower. Bicycles are parked along the sidewalk in the foreground.

Thank you

CHANGE STARTS WITH PEOPLE —
IS THERE ENERGY IN YOUR NETWORK?
